The history of MRI, if we were to rely on published accounts, appears to be a classic exemplification of the diffusion model of science. Not only do the invention and development of MRI appear to have taken place in the Western countries, but there also seems to be a “lag” in diffusion of knowledge about MRI to India. This chapter, which presents the analytical and methodological framework ...

Introduction - MIT Press Scholarship

A project-based guide to the basics of deep learning. This concise, project-driven guide to deep learning takes readers through a series of program-writing tasks that introduce them to the use of deep learning in such areas of artificial intelligence as computer vision, natural-language processing, and reinforcement learning.
